All the Acol Teams did well. The important thing was to get some experience of playing against other strange (to us) systems. I'm pleased that you all seemed to enjoy it. A special mention to HMS Endeavour, who won by a magnificent 40 IMPS.

Very well done! Thanks again for all who took part.

Don't forget that the IAC Dare tourney on Monday 28 February 2022 will be replaced by a discussion on these 16 hands. Sanya will attempt to record it.

PDFs of all matches, as well as all travellers, are available from Poco1 or Cedar.

We WILL be doing a match like this again!
